SUBURBAN NEWS.

Happenings of Interest in Our Neighbor Towns.

AT ADAMS TODAY.

Arthur LaRose of Commercial Street Given Five Months in Pittsfield Jail for Acts of a Most Disgraceful and Brutal Nature.—The Board of Health Grants Butchers' Licenses.—Teamsters at the Zylonite Have Their Pay Reduced.—Story of a Doctor who Got an Old Bill and a Young Man Who Didn't Get the Right Prescription.—Other Important Local News.

A HUMAN BRUTE ARRESTED.

Chief Curran Caught Tuesday a Fiend Who Has Attempted Liberties With Children.

For some time past a brute in the shape of a man has been committing acts of the greatest brutality at Renfrew and during the last two or three days has become alarmingly bold.

Sunday he was along side the path on the east bank of the Renfrew company's reservoir and stopped every little girl who passed catching hold and attempting to kiss them and offering them five cents to go with him to some unfrequented spot. Besides this the fellow exposed his person to not only the little ones but older girls and women who happened to pass.

He was in the same place after school Monday and repeated his acts. The people of Renfrew, who were worked up to a high pitch of excitement began a search for the brute and had they found him, what his fate would have been is uncertain but as was not to be found.

Chief of Police Curran was notified of the man's actions and worked on to catch him. He found him on to be Arthur LaRose, who lives in the block back of Streeter's grocery store on Commercial street. He found him in his former hang-out late in the afternoon and with Captain Haddock, placed him under arrest. The officers took LaRose to the homes of some of the little ones whom he had insulted and he spent the night in the Spring street lockup.

In the court this morning the prisoner was charged with assaulting nine-year-old Katie Scott and of indecently exposing his person to her and Margaret and Magie May Morton, of about the same age. These offences were committed Sunday behind the Renfrew freight depot. The little girls told of the actions of LaRose, which were most disgusting. He took the stand himself but could say nothing in contradiction of the stories of the little ones. He speaks English brokenly and has a degenerate appearance.

He was sentenced to one month in the house of correction for the assault and four months on the indecent exposure charge.

HAD THEIR PAY REDUCED.

Teamsters on the Zylonite Reservoir Job Will Receive \$3.50 Instead of \$4 a day.

Monday the teamsters employed at the Zylonite reservoir were given notice that in the future their pay would be \$3.50 instead of \$4 a day which they have been receiving. Some of the men thought they would not return to work Tuesday but when they learned that they could not better matters nearly all of them went on at the company's price.

The Physician Got His Dollar.

A thirsty young man and a physician who had attended him once and never received his pay, are the characters of a laughable comedy which occurred Sunday night. The thirsty young man wanted some whiskey and had almost lost his sight looking for it. He must have found some somewhere for he had an edge that was pretty to see but he wanted more. He ran against the physician who is a good-natured fellow and a friend of everybody and greeted him with: "Hello, Doc! Give me (hic) a prescription will ye?" The doctor told the young man with the edge, that he had had enough and did not need any more. The man that owed the dollar wouldn't be satisfied however and when the physician told him he would give him a prescription if he would settle the old score, the young man was more than willing. The dollar was passed over and the doctor passed to the other a paper upon which was written: "Aqua Soda Fontana." The receiver is not a Latin scholar and when he received the prescription he executed a war-whoop and the latest kind of a dance.

His happiness was short-lived, however, and when he presented his prescription at a drug store and was given a glass of soda water vowed he'd kill the doctor. But hasn't done so yet.

Board of Health Matters.

The board of health at its regular meeting Monday evening, granted these butchers' licenses: Edwin H. Boers, Joseph P. Flaherty, Anthony Clark, Ackerman Brothers, John Thompson and Fred Osobman. There are several plumbers who have not applied for licenses and are working at the trade illegally. They must take out licenses or the board of health will be obliged to act further. The board has made several tours of inspection and are preparing for more.

In Court This Morning.

Besides the LaRose case, Judge Bixby disposed of these cases in the district court this morning:

Joseph Mulholland pleaded guilty to drunkenness, fined \$5.

James Morrison pleaded guilty to drunkenness, fined \$5.

Patrick Mullen pleaded guilty to drunkenness, fined \$5.

—Charles Lafleur has opened a barber shop in the basement of Bullock's block.

—Miss Edith Gray returned from her work in Gardner Saturday on account of sickness.

—E. C. Baker of Niagara Falls arrived Monday and is stopping with his father-in-law, Philo Sibley.

—H. E. Parsons received Monday an invoice of a dozen bicycles. He had already disposed of twelve or thirteen.

—Mrs. Sophia Fay spent Sunday in North Adams. Mrs. J. W. Harrington returned with her Monday night.

—Mrs. Frank Cresier has gone into the dressmaking business. She was formerly in company with the late Mrs. Laughna.

—Mr. Bechard has moved from Tunnel street to one of D. S. Barber's tenements and John Moreau has moved in the Tunnel street tenement.

—A. D. Forest, machinist at the railroad repair shop, finished work last week and has gone to North Adams to work for the Hunter Machine Co.

—The city band has been obliged to postpone their second open air concert as many of the boys work evenings in the chair shop. But they will play later and meanwhile that band stand project ought to materialize.

—The rain Sunday and Monday did much for vegetation and filled a long-let want. Everything looks fresher and brighter therefore including the faces of the farmers. And it is no wonder they look pleased. The hay crop was very light last year and the crop bid fair to be still lighter this season. Here's hoping for more rains.

—The railroad company are anxious to confer with anyone wishing to take summer boarders and any person so desiring should send their name, their rate and the number of boarders they will take to the Hoosac Tunnel & Wilmington R. R. Co., at Wilmington. The TRANSCRIPT would also like to hear from such parties.

—The Republican town caucus will be held this (Thursday) evening at the Goodell house. Delegates will be chosen to the state convention to be held at Burlington June 17 also to the district convention to be held at Rutland the following day. But little has been said in Readsboro about the political situation though we surmise that Grout delegates will be sent from this town.

—Eight citizens of this village—H. E. Parsons, J. S. Pike, B. A. Stowe, G. M. Beane, T. D. Goodell, W. D. Howe, E. J. Bullock and Dr. Ward—were summoned to appear before the grand jury at Manchester Friday. The town and village are having a little controversy with the Newton's over the road leading from the Italian band hall to the box shop and these men were called as witnesses in the matter.

—Business was never better at the chair shop. Orders are still pouring in and the shop is being run nearly to its full capacity. Upwards of seventy-five hands are employed and many of them are obliged to work evenings. That this rush of business may continue is the wish of all for it puts life into our little village. Last year about this time the company was doing but little business, in fact it was dull all summer.

—Col. W. H. Phillips of Pittsfield will give his graphophone entertainment at the Baptist church Monday evening. The graphophone itself alone can furnish a good deal of amusement, but the Colonel has a lecture on "Josh Billings," "Crazy Sue" and "Eldor Leland" that gives in a pleasing manner and does not propose any one shall go away dissatisfied. The graphophone will render selections by some of the best bands and orchestras in the country and those who enjoy singing will hear something that will please them. The entertainment has received some very flattering press notices and a good sized audience should be present next Monday evening. Tickets on sale at the drug store at twenty cents each; children under fifteen half price.

L. C. Howard & Co., have placed some very pretty souvenirs of Salsburg in their store. They were painted by Miss May Howard.

The graphophone that will be exhibited at the hall next Thursday evening June 18 by Col. Phillips is much more wonderful than the phonograph in which many have been disappointed. A free exhibition of what the instrument can do will be given at 3 o'clock that afternoon.

W. Long and wife of Bennington visited at C. E. Putnam's last week.

W. M. Avey and family of North Adams came Monday night to camp out near the lake. They spend the nights at C. E. Putnam's.

A NORTH ADAMS MASON.

Without Square or Trowel Lays a New Foundation. How He Did It. A Pointer to the Craft.

"I am a mason by trade and I think my occupation is particularly hard on the back," says Mr. H. T. Restrew, 52 Centre street. "I get warm and am exposed to the wind while perspiring. My work compels me to bend forward at the same time and strain the loins so I do not wonder that from time to time for several years I have had attacks of backache that it made it agonizing to stoop. Distress during the day often followed by sleepless nights from severe pain. When these attacks occurred there was a red-dish deposit in the urine that seemed to further weaken my back. I wore a belt for years believing that it protected my kidneys to some extent. Some time ago I was taken with a spell and in looking for some remedy to drive it away, I read one or two notices about Doan's Kidney Pills curing backache and other afflictions due to bad kidneys. I decided to try them and procuring a box at Burlingame & Darby's commenced their use. I was well rewarded for making the trial because almost immediately I was relieved and I stopped taking them before the box was finished as I had no further need for them, there being no more urinary trouble, backache or lameness. An acquaintance was complaining to me of his back. I gave him what Doan's Kidney Pills I had left. He stated to me that they had cured him."

This is only one case in hundreds right here in North Adams—people whom you may know, people whose statements cannot be disputed.

Ask them about Doan's Kidney Pills, that is, if you are interested, and it must interest you if you have a bad back, a lame or aching one. Like Mr. Restrew you may be using belts and other means without striking at the cause. Regulate the kidneys' action and you remove the cause of backache in most cases.

Doan's Kidney Pills are sold for 50 cents per cent per box; for sale by all dealers; sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Final Adjournment of Congress Expected This Afternoon.

IMPORTANT BUSINESS CLEARED UP

Only Two Appropriation Bills Before the Senate This Morning and Speedy Action on Them Was Looked for—In the House.

Washington, June 10.—Very rapid progress was made this week by the senate in clearing up the odds and ends of legislative work, only two appropriation bills, the sundry civil and the District of Columbia, remaining this morning to be considered, and the indications are that they will be disposed of to-day, thus leaving the senate in a position for final adjournment, which may be reached this afternoon. Final conference reports on the naval appropriation bill were presented and agreed to. In the naval bill a compromise was made reducing the number of new battleships to three, and directing that no contracts shall be made for armor plate until after the secretary of the navy shall have inquired into the cost of manufacture and shall have made report to congress. The question of contract schools in the Indian bill was compromised on the basis of allowing them, where there are no other schools to take their place, during the fiscal year 1897. A resolution offered by Mr. Wolcott, rep. Col., respecting the erection of an equestrian statue to Gen. William T. Sherman in the city of Washington was taken up and discussed for nearly two hours. It directed an inquiry by the committee on the library into the facts and circumstances of the contract, and requested the secretary of war to suspend its execution until next session. The resolution was defeated. The bill in relation to contempt of court reported from the judiciary committee by Mr. Hill, dem. N. Y., was taken up, discussed for some time, and then allowed to lie on the table. Informally so that other business might be taken up. The bill increasing from \$12 to \$50 a month the pension of Francis E. Hoover, which was vetoed by the president, and afterwards passed by the house over the president's veto, was taken up and discussed briefly, but when the senate came to vote upon its passage it turned out that there was no voting quorum in the chamber.

House of Representatives.

It is confidently believed by many members of the house that final adjournment of this session will be taken to-day. The vote by which the contested election case of Aldrich, rep. R., underwood, dem., from ninth Alabama district, was decided in favor of the former yesterday, stood 110 yeas to 107 nays. Mr. Aldrich was sworn in. The final conference reports on the Indian and naval appropriation bills were agreed to amid applause. The report of the conference upon the sundry civil appropriation bill, a final agreement as to all matters in dispute except the public building appropriations, was agreed to. The house voted to insist upon its disagreement to these, except as to that for the building at Savannah, Ga., but by a vote of 66 to 91 agreed to it. The house disagreed to the senate amendment to the urgency deficiency bill giving to every employee on the rolls December 2, 1895, and since discharged a month's salary. The rules were suspended and the bill passed to put in operation the recommendations of the international marine conference for preventing collisions at sea. A resolution reported from the committee on accounts was agreed to, authorizing the speaker to appoint a special committee of five to sit during the recess to investigate the charges against the Leavenworth Soldiers' home, and appropriating \$3,000 for its expenses.

Assignee To Continue the Business.

Amesbury, Mass., June 10.—At a meeting of creditors of the Lewis & Cross shoe company the firm stated its liabilities as \$26,000; assets, \$31,000, which includes the plant, stock in factory and \$1,000 worth of manufactured goods for Chicago. It asked for extension of time and a committee of three was appointed to investigate. The assignee was instructed to continue the business.

Thompson Won't Row at Henley.

Toronto, June 10.—Bush Thompson, the Argonaut rowing club sculler, will not go to the Henley regatta as intended. The reason he assigns for withdrawing is pressure of business. Thompson has been practicing hard lately and his decision to stay away from the regatta is regretted by all carmen.

New York Canal Shipments.

Albany, June 10.—The report of canal shipments for the week ending June 8, compared with last year's figures covering a corresponding time, show an increase of nearly 34,000 tons. The shipments of wheat have increased from 3,580 tons in 1895 to 26,704 tons this year.

Harris Engine Co. Employees Resume Work.

Providence, June 10.—The forty employees of the W. A. Harris Engine company who did not receive their wages on Saturday and consequently refused to work Monday have been paid in full and have returned to work.

To Be Made Cardinals.

Rome, June 10.—The Osservatore Romano states that the papal nuncios at Lisbon, Vienna, Paris and Madrid will be made cardinals.

Treasury Gold Reserve.

Washington, June 10.—The treasury gold reserve at the opening of business to-day stood at \$100,319,184.

Town Bond Award.

Willimantic, Conn., June 10.—The selectmen of the town of Windham last night awarded the issue of \$105,000 thirty-year 4 per cent. improvement bonds to E. H. Gay & Co., of Boston, at 104.03.

Rev. Dr. Patterson Wed.

Binghamton, N. Y., June 10.—Rev. Dr. Robert A. Patterson, former president of Denon college of this city, was married yesterday to Mrs. H. G. O'Hara, a wealthy widow of this city.

CAPT. HEALY'S PUNISHMENT.

Dropped to Foot of List of Captains and Suspended from Duty.

Washington, June 10.—Secretary Carlisle has decided to drop Capt. Healy, revenue marine service, to the foot of the list of captains, to suspend him from duty and to place him on waiting orders for a period of four years, and to have the order of reprimand read on all the vessels of the revenue marine service, which order contains the warning that a repetition of his extensive drunkenness will cause his dismissal from the service. Captain Healy's sentence is the next most severe to dismissal. He commanded the United States steamer Bear, and charges were preferred against him by Lieutenants Daniel and Emery and Assistant Engineer Jones. Five charges and fourteen specifications were made by Lieut. Daniel, one charge and three specifications by Lieut. Emery and one charge and two specifications by Engineer Jones. The charges embraced drunkenness, abusive and tyrannous conduct, placing a government vessel in peril while drunk and endangering life and property.

CIGAR MAKERS APPEAL.

Ask Secretary Olney for Protection Against Weyler's Tobacco Embargo.

New York, June 10.—Mr. Krohn, secretary of the National Association of Cigar Manufacturers, has sent to Secretary of State Olney a letter with reference to the tobacco embargo laid upon Cuba by Gen. Weyler. The communication states that if the existing contract for the delivery of leaf tobacco purchased on the island of Cuba cannot be enforced, enormous pecuniary losses will result and great hardships entailed upon many thousands of employees in the United States. An appeal is also made to the secretary of state for protection, and it is requested that such action be taken for the conservation of the important interests of the American citizens involved as may, under the circumstances, seem proper.

THE BERMUDA LIBEL.

Said To Be a Scheme To Procure For American Registry.

Philadelphia, June 10.—The steamer Bermuda which was recently deprived of her registry by the British consul at this port because, it is said, of her alleged filibustering expeditions, and which has since been captured at Camden, N. J., has been seized by United States Marshal Pfeiffer of New Jersey on a libel filed by three seamen for unpaid wages. The amount claimed by the seamen is \$27.75. It is said that the filing of the libel is part of a plan to secure a registry for the steamer under the American flag. It was stated that if the vessel should be sold by order of the United States court and purchased by an American citizen her past record would be wiped out and her owner could procure new papers and sail her under the American flag. The seamen who brought the proceedings are Geo. Mansen, Servente Goden and John Petersen. They claim that they were engaged to ship on the steamer on April 13, when she was preparing for her last trip to Jamaica. After working for nine days on the vessel they were told, they claim, that she would probably engage in a hazardous undertaking and they refused to sign the shipping articles. The mate then gave them an account of the wages due them. When they presented this to John D. Hart, the reputed owner, payment was refused. Lawyer Harrison Voorhes of Camden, who represents the seamen, denies the suit has been instituted, so far as he knows, to secure a new registry for the steamer.

SPANISH WARSHIP IN PURSUIT.

The Filibustering Steamer Laura Takes Refuge in Port Antonio.

Kingston, Jamaica, June 10.—The filibustering steamer Laura, from New York, arrived at Port Antonio on Saturday last. A Spanish warship was in pursuit of her, but, of course, did not enter the port in her effort to capture the Laura. The warship is still off the port waiting for the Laura to leave. It is believed that the latter landed a large quantity of munitions of war in Cuba. If she should be pursued when she leaves Port Antonio she will run along the coast within the marine league limit until her superior speed enables her to stand out to sea in advance of the Spanish warship.

SENATOR QUAY'S VIEWS.

He Believes McKinley Will Be Nominated on the First Ballot.

Beaver, Pa., June 10.—Senator Quay arrived here from Washington yesterday, and after a few hours spent at his home left last night for St. Louis. To a reporter he said there was every indication of a nomination being effected on the first ballot, and he believed McKinley would be the man. To the question as to whether he would withdraw as a candidate for the nomination, he laughingly replied that he was still a candidate. The senator said he did not know who would be nominated for vice-president, and when asked what Gov. Hastings' chances were, he replied that he did not know.

Another McKinley League in New York.

Binghamton, N. Y., June 10.—A meeting at which every town in Broome county was represented was held in Bennett hall in this city last evening, resulting in the formation of a McKinley league for Broome county. Resolutions were adopted declaring the sentiment of the meeting to be that a league, to be part of the state McKinley league, should be formed to advance the interests of Ohio's favorite son. A mass meeting was held at Stone opera house last night.

Dewey Don't Want Second Place.

New York, June 10.—Chauncey M. Dewey is greatly displeased at the mention of his name by several western gentlemen for the second place on the ticket with McKinley, or any one else who may be nominated at St. Louis for president. His secretary said that Mr. Dewey was going to St. Louis to present the name of Gov. Morton and aid him all he can and for no other reason.

Urged To Vote for McKinley.

Middletown, Conn., June 10.—Senator John M. Douglass, who is a delegate to the republican national convention, has received a request signed by the officers of the Middletown Plate Co. and fifty others, requesting him to use his influence to have the Connecticut delegates vote for McKinley on the first ballot. He has replied that in his opinion the Connecticut delegation will be governed by circumstances as found on reaching St. Louis.

CONDITION OF CROPS.

Weather Bureau's Weekly Bulletin for Eastern States.

Washington, June 10.—The weekly telegraphic crop reports of the weather bureau this week are as follows: New England—Crops much improved; generally grass and grain are gaining fast; fruit prospects continue excellent. New York—Much complaint of drought; hay crop beyond redemption. New Jersey—Wheat, rye and oats improved; corn and tender vegetation made but little progress owing to cool nights; absence of rain in many sections seriously affected pasture and meadow fields. Pennsylvania—Wheat, rye and hay somewhat improved; corn, oats, potatoes, vegetables and most fruits continue promising; insect pests troublesome; meadows and pastures short and thin. Maryland—Wheat ripening and reports most encouraging; hay short; tobacco plants and corn damaged by cutworms, but generally in good condition; truck excellent; the peach crop promises well in east.

Minor, one a life convict and the other a ten year prisoner, who escaped from a state prison at Vethersfield Monday. IT IS ALL M'KINLEY

Other Candidates Seem To Have Been Forgotten at St. Louis.

DELEGATES AND LEADERS ASSEMBLING

The Ohio Men's Managers Say He Will Be Nominated on the First Ballot—Seed and Allison Men Talk of Second Ballot.

St. Louis, June 10.—St. Louis has already the appearance of a national convention city. The hotels are rapidly filling with voters and "over incoming train adds to the list of delegates and prominent republican leaders already here from all parts of the country. McKinley badges, lithographs, fans and buttons are to be seen at every turn. In truth, the fact that there is more than one candidate seems to be lost sight of on all sides and about the only points of contention are who will get second place and what the platform will say on finance. At the headquarters of the Ohio men it is confidently asserted that there will be one roll call in the convention and that will result in the nomination of Major McKinley. In discussing the interview of Mr. Filley, wherein he stated that a roll call must be completed before a nomination could be made, and proposed an informal ballot, Judge Thompson said: "I am familiar with the mode of procedure in national conventions, and I have never in my life heard of such a thing as an informal ballot. Mr. Filley is as sincere for McKinley as we are, but he should remember that we do not control the action of the delegates. If when some state like Pennsylvania, South Carolina or Texas is reached, and some delegate sees that McKinley has already received votes sufficient to nominate him, who is to say that a delegate was not the right to move that Major McKinley be nominated by acclamation? It was done at Minneapolis four years ago. When Texas was reached it was evident that Harrison had votes enough to nominate, and the vote was made unanimous. No one objected to it, and no one proposed an informal ballot."

Reed Men Talk of a Second Ballot.

The Reed men, the Allison men and in fact all other than McKinley men refuse to give a roster of their pledged delegates and refer vaguely to breaks on the second ballot. Lieutenants of the Ohio man answer this by saying there will be no second ballot. There was some nebulous gossip about this morning touching combinations to prolong the contest, but all efforts to resolve this to certainty met with the reply: "Wait until after Manley comes." The prominent arrivals last night included Joseph H. Manley of Maine; Chairman Thomas Carter of Montana; Isaac M. Potter, Rhode Island, and W. H. Hearst of California. Chairman Manley was visited this morning by scores of politicians, all eager to press claims of various sorts, but Mr. Manley pleaded fatigue and retired to his room.

The Vice-Presidency.

For vice-president a number of names have been mentioned, and the McKinley followers are sure Reed will be the man if he will accept the place. His friends, however, stoutly maintain that he will not. W. S. Hastings of New York, an out-and-out McKinley man, was asked this morning who he believed to be the candidate if Reed refuses. "Well, it should be a southern man," he said, "but I hardly believe one from that section will be able to secure it. H. Clay Evans should properly get the place, and the southern delegates want the place for him. The Indiana people are shouting for McAlpin, and the Jerseyites want Hobart. The nomination is an open one and the only interesting thing about the convention."

Hanna Arrives.

Although M. A. Hanna and other Ohio McKinley supporters were expected yesterday, they did not reach the city until this morning. Mr. Hanna came in on his private car accompanied by Senator Proctor, Abner McKinley, Gen. Osborne of Boston, Col. Myron T. Herrick and Sylvester T. Everett, delegates from the twenty-first Ohio district. Mr. Hanna was in the best of spirits and evidently he feels confident that there is no doubt of McKinley's nomination. In fact, he is reported to have said that the Ohio man's strength was so great that no scheme whatever could be sprung by his enemies or opponents that would have the least effect.

Major McKinley's Plans.

Canton, O., June 10.—Major McKinley's private secretary James Hoyle will leave to-day for Columbus, from whence he will go to St. Louis. Mr. McKinley left last evening for Columbus to visit friends. Major McKinley will remain in Canton until after the convention. A private wire connects his residence with M. A. Hanna's room in the Southern hotel, St. Louis, and there will be constant communication between the two gentlemen.

To Remove Gen. Rawlin's Remains.

Newburgh, N. Y., June 10.—John A. Rawlins Post No. 1, department of the Potomac, G. A. R. proposes to remove the remains of Gen. John A. Rawlins, a famous commander in the Union army during the war, and an intimate friend of Gen. Grant, from the Congressional cemetery at Washington to the National cemetery at Arlington, Va.

Will Be a Total Loss.
